

Pierre Grambert – Him/his

UX Designer for Data-Driven Products

Grenoble - France

French / English fluent

Online portfolio

Profile

Product and UX designer with **10+ years of experience** designing digital tools across industry, and public institutions.

My work focuses on data-driven interfaces, and multidisciplinary environments.

I am particularly interested in projects involving **scientific, industrial, or public-interest challenges** where design helps transform complex information into clear and usable products.

Core Skills

UX Research

- User interviews
- Stakeholder workshops
- User journeys & task flows
- Usability testing

Product & Interaction

- Wireframing
- Prototyping
- Vibe design
- Design systems
- contribution

Complex Interfaces

- Data-driven products
- Technical workflows
- Information architecture
- Decision-support tools

My Professional Experiences

camptocamp - Ux-Ui Designer

2024 - present

Design of geospatial data interfaces used by public institutions and territorial organizations.
Focus on complex datasets, mapping interfaces, and tools helping institutions manage and visualize territorial information.

- UX/UI design for geospatial & data-visualization interfaces
- Translation of complex technical constraints into usable workflows
- Collaboration with developers & data specialists

Saprea (Non-profit) - Ux-Ui Designer

2022 – 2023

Lead designer for the digital products of an international non-profit organization. Worked within a multidisciplinary creative team to design and improve digital platforms supporting the organization's mission.

- Lead UX/UI design across multiple digital products
- Implementation of a large-scale brand redesign across digital platforms
- Mentoring junior designers & introducing user-centered practices

Capgemini - Ux-Ui Designer

2017 – 2020

Designer working across enterprise and institutional projects for major clients including ministries, Airbus, and Schneider Electric.

- UX/UI design for digital services & applications
- Design workshops & collaborative ideation sessions
- Rapid prototyping & interface design within multidisciplinary teams

Kairn Design (Freelance) - Ux-Ui Designer

2018 - Present

Long-term collaboration with an industrial design studio.

- UX/UI design for interactive & embedded systems
- Product interface design in industrial contexts
- Contribution to communication strategy and digital presence

La Haute Société - Web / Motion Designer 2013 - 2017

Design and production of digital content including websites, campaigns, and motion design for various clients.
